Municipality of Pristina: <https://kk.rks-gov.net/prishtine/en>
Municipality of Prizren: <https://kk.rks-gov.net/prizren/en>
Municipality of Mitrovica: <https://kk.rks-gov.net/mitroviceejugut/en/>

The Project Implementation Unit (PIU) of the Kosovo Digital Economy (KODE) Project financed by the International Development Associated (IDA) prepared a sub-project “National Spectrum Monitoring System Contract” which goal is to design, supply, install and commission a National Spectrum Monitoring System (NSMS). As part of it, will be a deployment of antennas and other related equipment in four locations, **Pristina (two sites), Prizren and Mitrovica**. Measurement equipment of the NSMS must cover the frequency range at least from 9 kHz to 40 GHz. The end user of NSMS will be Regulatory Authority of Electronic and Postal Communications (ARKEP). NSMS must provide coverage in indicated areas where is the greatest density of frequency assignments in the most active frequency bands in the Republic of Kosovo.

This draft Environmental and Social Management Plan (ESMP) Checklist has been prepared in accordance with the KODE Project Environmental and Social Management Framework (ESMF) for the activities to be carried out under the Sub-project. The ESMP Checklist presents the Sub-project’s description, technical details, scope, setting and location based on which potential environmental and social impacts can be identified and estimated. It also contains measures for prevention, minimization and mitigation of possible negative impacts from the realization of the planned project activities.

Hard copy of the ESMP Checklist is available at:
